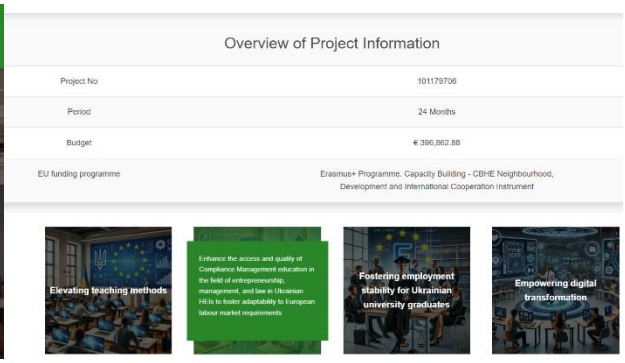
1.DELIVERABLE`S OVERVIEW



1.1 INTRODUCTION

As part of the Erasmus+ project "Implementation of Compliance Management in Higher Education in Ukraine", a dedicated project website https://eucompliancem4ua.eu/ has been developed to serve as a central hub for information, resources, and updates. Additionally, sub-sites on partners' web pages provide direct links to the main project website, ensuring widespread accessibility and engagement. This online presence facilitates collaboration, knowledge sharing, and the dissemination of best practices in compliance management across higher education institutions in Ukraine and beyond.

1.2 WORK PACKAGE INFORMATION

Work Package Number WP5

Work Package Name Dissemination and Communication

Start Month – 1 January 2025

End Month – 31 October 2026

WP Objectives:

O5.1. To increase the visibility of the project topics and results inside and outside the partnership
O5.2 Ensure the dissemination of the project results and the multiplication of its effects
O5.3To enhance the project's impact at different levels
O5.4 To ensure the sustainability of the project results

1.3 REQUIREMENTS OF THE GRANT AGREEMENT REGARDING DELIVERABLE 5.2

Deliverable D5.2 – The Project website and Sub-sites on partners' web pages directing to project website are developed

Deliverable Number	D5.2	**Lead Beneficiary**	5 - CUNTU
Deliverable Name	The Project website and Sub-sites on partners' web pages directing to project website are developed		
Type	DEC —Websites, patent filings, videos, etc	**Dissemination Level**	PU - Public
Due Date (month)	5	**Work Package No**	WP5

Description
Project web page is to be developed as a general communication platform about project goals, activities, news, content, and results Format: website, web page Language: English and Ukrainian

2. WEBSITE DEVELOPMENT PROCESS

The project website serves as the central hub for information dissemination, stakeholder engagement, and project visibility. Designed with a user-friendly interface, it provides comprehensive details about project objectives, activities, outcomes, and relevant documentation. The website also integrates interactive features such as event calendars, resource downloads, and contact portals to enhance accessibility and engagement.

2.1 PLANNING & OBJECTIVES

The **EUComplianceM4UA** project is structured around clear planning and well-defined objectives to promote **compliance management**.

The website is designed to:

> Effectively communicate the project's information, and engage stakeholders.
> Present **project information, goals, and target groups**.
> Provide **news/events updates**

2.2 TECHNOLOGY STACK

The website is built using the following technologies to ensure performance, security, and compliance with **EU standards:**

> **Frontend:** HTML, CSS, JavaScript and bootstrap (for structure, styling, and interactivity).

> **Backend:** PHP and laravel (with Laravel it is easy to make your site dynamic easily).

> **Hosting and Domain: On Hostinger** [eucomliancem4ua.eu].

2.3 DESIGN & STYLING

> **Color Scheme:**

- Primary Color: [HEX#298729]
- Secondary Color: [white and green]
- Accent Color: [yellow]

> **Font Name:** [sans-serif]

> **Font Size:**

- Headings: [pre-defined headings (h1,h4 and h5) and default text, for screens < 576px (font size is 10px)]
- Body Text: [default size (1rem), font-family: sans-serif]

2.4 DESIGN & USER EXPERIENCE

- The design follows the Hochschule Wismar Faculty of Business and Economics branding.
- Ensures easy navigation, with dedicated sections for project partners, news, and

contact.

- A mobile-friendly, accessible interface for usability across all devices.
- Comprehensive details on the project, activities, and results.

3. WEBSITE STRUCTURE & FEATURES

3.1 HOMEPAGE

> **Logos:** EUComplianceM4UA & Co-Funded EU Logo

> **Carousel Banner:** It serves as a visual introduction to the project, it is Positioned prominently on the homepage. It consists of rotating images that showcase project-related activities, conferences, and collaborative efforts. Each slide consists EUComplianceM4UA and "Implementation of the European Approach to Compliance Management in Higher Education in Ukraine."

> **Project Slogan:** A visually appealing banner with the project slogan (“United by Compliance”)

> **Project Overview:**

- Project title: IMPLEMENTATION OF THE EUROPEAN APPROACH OF COMPLIANCE MANAGEMENT IN HIGHER EDUCATION IN UKRAINE.
- Key project details in table format (Project No, duration, budget, funding program, etc.).

> **Visual Elements:**

- Flip card for project objectives
- A **news slider** to highlight key updates, and hyperlink to News tab.
- Facebook Embed Widget
- Vertical flip cards for Project partners

3.2 PROJECT PARTNERS SECTION

> Categorized partners:

- Lead Partner
- EU Partners
- Ukrainian Partners
- Associated Partner (PNRM Ukraine)

> Each partner is linked with a Name to its official website.

3.3 NEWS SECTION

> Designed as a blog page for continuous updates on project news.

> Each news post includes a date, heading, text, and images.

> News items are linked from the homepage slider for quick access.

3.4 SECTION “ABOUT”

The About tab of the website serves as an informative section, providing visitors with a comprehensive overview of the EUComplianceM4UA project. It outlines the project's objectives, target groups, activities, deliverables, and expected results, ensuring transparency and accessibility for all stakeholders.

TARGET GROUPS

This section provides information about the project's key beneficiaries and objectives. It outlines the target groups, including university teaching staff, master’s students, and business professionals, who will benefit from training and specialized programs in compliance management.

PROJECT GOALS AND OBJECTIVES

This section provides details about the project's goal of introducing the European approach to Compliance Management in Ukrainian Higher Education Institutions (HEIs). It highlights key objectives such as enhancing teaching and research, strengthening curriculum development, supporting digital transformation, and improving graduate employment opportunities through compliance education.

ACTIVITIES

This section provides information about the project's key activities. It highlights training programs for academic staff, the development of Master’s courses in compliance management, and the creation of micro-certified programs for business professionals. Additionally, it emphasizes the integration of digital tools, including e-learning content, podcasts, and videos, to support innovative learning methods.

WORK PACKAGES

This section provides information about six key Work Packages (WPs). WP1 focuses on project management to ensure smooth implementation and quality control. WP2 enhances the competencies of academic staff through training and research. WP3 develops educational content, including compliance courses and digital resources. WP4 integrates these courses into Ukrainian higher education institutions (HEIs). WP5 promotes the project's visibility through dissemination and communication efforts. Finally, WP6 ensures long-term sustainability and continuous quality control for lasting impact.

TIMELINE

A timeline is included in the About tab, which visually represents the key milestones of the project.

EXPECTED RESULTS

This section provides information about the development of capacity in Compliance Management for academic staff, teaching, training, and research activities. It includes details about various training programs, such as the EU training program on Compliance Management, online webinars, and the EU Summer School on EU teaching methods. It also highlights the development of innovative compliance management courses for Master's students, including syllabi, educational materials, and digital content. Additionally, the section covers the creation of a micro-certified compliance program for business managers and the production of digital resources like videos, an interactive e-book (Futurebook), a YouTube channel, podcast studios, and educational podcasts on Compliance Management.

DELIVERABLES

This section outlines the key deliverables of the project, which include the Project Management Handbook and Work Plan, compliance training materials for academic staff, new compliance courses, and digital learning resources. It also covers the publication of educational podcasts and video content, as well as dissemination and sustainability reports to ensure the project's long-term impact and visibility.

SCIENTIFIC PUBLICATIONS AND IMPACT STORES

This section will provide upcoming Scientific Publications, featuring research papers related to compliance management, as well as Impact Stories that highlight real-world success stories demonstrating the project's influence on students, educators, and professionals.

3.5 CONTACT US SECTION

> **Key Contacts:**
    - **Project Coordinator:** Prof. Dr. Ali Axel Arnaout
    - **Project Manager:** Dr. Anna Fomenko

3.6. FOOTER

- Visible on all pages, containing:
    - **Imprint**
    - **Data Protection (GDPR compliance statement)**
    - **EU Disclaimer Text**

The EUComplianceM4UA project website is designed as an intuitive, accessible, and informative platform. It ensures transparency, stakeholder engagement, and efficient dissemination of project-related information, aligning with EU compliance standards.

4. COMPARISON OF TABLE 4 WEBSITE IN D.5.1. DISSEMINATION PLAN AND EUCOMPLIANCEM4UA WEBSITE

4.1. DESCRIPTION

The table below compares the structure of the EUComplianceM4UA website as outlined in "D.5.1. Table 4 Website" with the actual implementation in the "EUComplianceM4UA Website Report." It identifies missing sections, combined sections and provides explanations for any modifications.

Section (Table 4 Website)	**Status in Website**	**Explanation**
Home Page	Present	Carousel banner, slogan, and project overview, Project Objective, and partners flip card are included
Project	Present but Merged	Included under About Tab.
About Us	Present	Project team and partners are covered, but the Associated Partner (PNRM Ukraine) is included under Project Partners Section instead of having a separate section.
Activities	Present	Work Packages, training programs, and digital integration details are included in Activities & Work Packages sections under “about” tab.
Results	Partially Present	Scientific Publications and Impact Stories are mentioned but not fully detailed yet.
Events	Partially Present	The Registration Form for the Final Conference (2026) will be attached.
News & Updates	Present	News updates, blog elements, and press releases are incorporated.
Resources	Partially Present	E-learning content, podcasts, and Futurebook will be attached.
Partnership	Present	There is a section about Partners.
Media	Partially Present	YouTube Channel (25 podcasts) will be attached. Facebook widget is referenced.
Contact Us	Present but Simplified	Contact form is not mentioned, but emails and key contacts are listed.

4.2. WHY ARE SOME SECTIONS MISSING OR COMBINED?

> The website consolidates "About Us" and "Project" under one tab to streamline navigation.
> Some sections, like scientific publications and impact stories, might not be ready yet.
> Work is in progress to add features like FAQs, Downloads, Collaboration, and Accessibility Options to improve the website.

4.3. RECOMMENDATIONS

To align the website fully with the approved structure from the Dissemination Plan

- Add missing elements
- Clearly define Scientific Publications and Impact Stories.
- Implement FAQs, Collaboration Opportunities, and Accessibility Features for improved user experience.
- Ensure Multilingual Support and a Search Bar for better navigation.
- Add one tab *Useful Recourses*, where there will be Scientific Publications, Impact stories, e-learning contents, and useful links.

4.4. PROGRESS AND IMPROVEMENTS

Based on Prof. Ali Arnaout and the consortium's proposals, the following steps are planned to be taken:

- The website will serve as both an advertisement tool and a compliance platform.
- **We** will integrate more **articles, newsletters, success stories, scientific publications, and relevant links** to enhance engagement.
- Clear metrics will be established to track website success and user engagement over two years.
- Highlighting how Ukrainian universities contribute to compliance and business support through case studies and success stories.
- Exploring the addition of infographics, interactive visuals, and downloadable compliance guidelines.
- Strategies include SEO optimization, social media integration, and reference comparisons with German and Ukrainian compliance websites.

These improvements aim to make the website more valuable, engaging, and effective in achieving the project's objectives.

5. SUB-SITES ON THE PARTERS` WEB PAGES

To ensure broader outreach and institutional alignment, dedicated subsites are hosted on partner HEI websites. These subsites serve as localized access points for students, faculty, and administrative personnel, providing tailored content related to project activities within each

institution. They align with institutional branding while maintaining coherence with the main project website, ensuring a seamless user experience.

5.1. DESCRIPTION OF THE SUB-SITES

All partners have launched the sub-sites about the project; links are presented in the table.

Websites of the partners and link of sub-sites of the project

Partners	Official website of the partner	Official sub-site of the project
Hochschule Wismar, University of Applied Sciences: Technology, Business and Design (Wismar, Germany)	https://www.fww.hs-wismar.de/	https://www.fww.hs-wismar.de/forschung-kooperationen/veranstaltungen/eucompliancem4ua/

<tr><td colspan="3"></td></tr>
<tr><td colspan="3">Erasmus+ (CBHE) grant amount: € 396862,88</td></tr>
<tr><td colspan="3">Target groups:
1. Teaching staff of higher education institutions. The project will provide training and webinars with the opportunity to learn about European approaches to compliance management, which will improve their skills and level of expertise and will contribute to the professional development of university lecturers through access to relevant and advanced knowledge in this area. The strengthening of the methodological framework on compliance management provided by the project will contribute to the creation of more modern and relevant curricula and teaching methods.
2. Master students. Students will have the opportunity to acquire new, relevant knowledge and practical skills in compliance management, which will improve their prospects in the labor market and career development opportunities in a demanding business environment after graduation. The implementation of the European approach will provide students with the opportunity to study and use international experience in the field of</td></tr>
</table>

compliance management, which will broaden their global perspective, taking into account the peculiarities of the common labour market and legislation.

3. Managers and business owners who will receive advanced training and up-to-date knowledge in the field of compliance management. Up-to-date knowledge of innovative compliance management practices will allow managers and business owners to improve their management strategies and increase the efficiency of business processes. The knowledge and practical skills acquired in the course of the training will facilitate the implementation and optimization of compliance systems in their own companies, which will increase their efficiency and competitiveness in the national and foreign markets, ensure business compliance with international standards and regulations, which, in turn, will help attract customers and investors.

Grant holder: **Name of institution:** Hochschule Wismar, University of Applied Sciences: Technology, Business and Design **Country: Germany** web-site: https://www.hs-wismar.de/	**Coordinator:** Ali Arnaout **General Manager:** Anna Fomenko **Contacts:** tel.: +038417537472 e-mail: anna.fomenko@hs-wismar.de project webpage: https://EUComplianceM4UA.eu
Partnership (EU and non-EU partners): – Universidade Portucalense Infante D Henrique-Cooperativa de Ensino Superior Crl (UPT) – VŠCHT Praha Vysoka Skola Chemicko-Technologicka v Praze (VSCHT) / The University of Chemistry and Technology, Prague – Wyższa Szkoła Przedsiębiorczości i Administracji w Lublinie (WSPA) / The University College of Enterprise and Administration in Lublin	**Partnership (UA partners):** – Central Ukrainian National Technical University (CUNTU) – Izmail State University of Humanities (ISUH) – Simon Kuznets Kharkiv National University of Economics (S.KUZNETS KhNUE) – Donetsk State University of Internal Affairs (DonSUIA) – V. N. Karazin Kharkiv National University (KKNU) **Associated partner:** – NGO Professional Network of Research and HE Managers in Ukraine (PNRM Ukraine)

Project goals and objectives: The project's central focus is the implementation of the European approach to Compliance Management, with a strategic aim to elevate academic integrity, international management, entrepreneurship, business ethics, and legal aspects in less experienced Ukrainian HEIs. The goal is to enhance teaching and assessment mechanisms for Higher Education Institutions (HEIs), focusing on quality assurance, management, anti-bribery, and innovation in accordance with EU Compliance standards.

The objectives of the project are as follows:

1. Elevating teaching methods. The project seeks to improve teaching and assessment mechanisms, quality assurance, management, and innovation in Ukrainian HEIs by integrating EU Compliance methodologies.
2. Increasing accessibility of compliance education. Enhance the access and quality of Compliance Management education in the field of entrepreneurship, management, and law in Ukrainian HEIs to foster adaptability to European labour market requirements
3. Fostering employment stability for Ukrainian university graduates. Ensure stability of employment opportunities for UA university graduates in the context of European integration and globalization through compliance competencies
4. Empowering digital transformation. Promote digital transformation in teaching Compliance Management in Ukrainian partner HEIs through innovative tools, such as futurebook (e-book), podcasts, videos, and gamification solutions.

Activities*:*

1. Improving the teaching staff's capabilities and capacities in Compliance Management teaching and research.

- Updating the EU content for enhancing the teaching skills of Ukrainian HEIs teaching staff according to EU experience and UA landscape.
- Developing and providing EU training program on Introduction EU Compliance Management education: innovation and interdisciplinary approaches.
- Providing 4 online webinars (8 days total) on Compliance Management (management, economics, entrepreneurship, law, and business ethics aspects).
- Developing 4 EU training programs and activities at "EUComplianceM4UAmethods" Summer school on EU teaching methods in Compliance Management education.

- Providing the EU Summer school “EUComplianceM4UAmethods” on EU teaching methods in Compliance Management education (management, economics, entrepreneurship, law, and business ethics aspects).
- Organizing final international project conference.

2. Developing 5 courses for Master's students at Ukrainian HEIs to improve the level of competencies, skills as well as employability potential and the Guidebook for Masters students “Compliance Management”.

3. Creating open integrated micro-certified short-learning Compliance Management program for business managers in order to better match labour market needs.

4. Empowering the digital transformation in the teaching of Compliance Management in Ukraine.

- Creating an introductory educational video for showcasing the European experience in Compliance Management.
- Creating The EUComplianceM4UA YouTube channel.
- Developing the Futurebook (e-book) “Compliance Management” for Masters students (in English and Ukrainian).
- Installing 5 university podcast studio.
- Developing educational podcasts on Compliance in Ukraine.

Expected results:

1. Developed capacity of academic staff in Compliance Management: teaching, training and research

- EU training program on Introduction EU Compliance Management education: innovation and interdisciplinary approaches; 28 representatives in total from EU and UA HEIs are trained
- 4 online webinars (8 days total) on Compliance Management; 25 representatives UA HEIs are trained
- EU Summer school “EUComplianceM4UAmethods” on EU teaching methods in Compliance Management education; 33 representatives of partner HEIs are trained
- Final international project conference; 28 representatives in total from EU and UA HEIs take part
- 161 internal certificates are issued after all studying and training activities in total
- 1 proposal for implementing Compliance Management approaches in Ukrainian Higher Educational is accepted

2. Innovative Compliance Management Courses Development for Master’s Students

- 5 Syllabi (in English and Ukrainian) for courses.
- 5 courses for Masters students, including educational materials, digital video and e-learning content
- Guidebook for Masters students “Compliance Management”
- Approx. 150 of students follow the courses at Master level

3. Certified Professional Development in Compliance Management

- One open integrated microcertified short-learning Compliance Management program for business managers, including educational materials, digital video and e-learning content.
- Approx. 100 of business managers follow the program

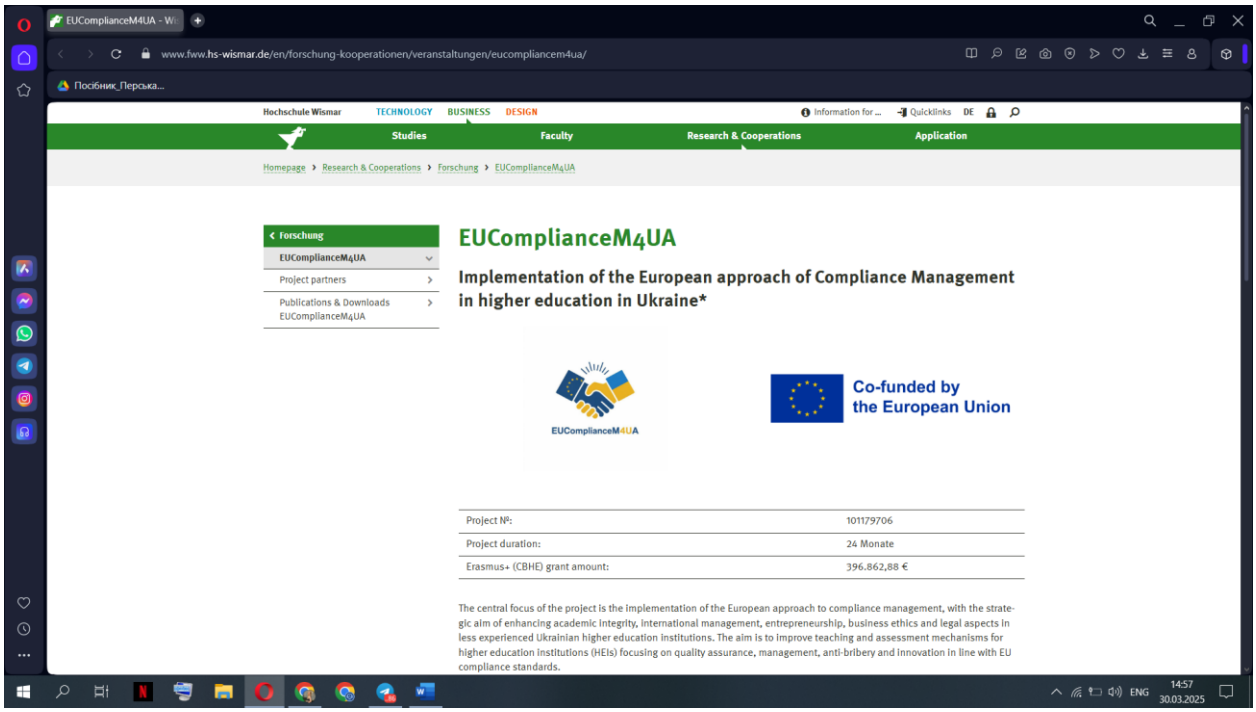
4. Digital Resources and Multimedia for Compliance Management Education

- An introductory educational video for showcasing the European experience in Compliance Management
- Futurebook (e-book) “Compliance Management” (in English and Ukrainian)
- EUComplianceM4UA YouTube channel
- 5 university podcast studios
- 25 educational podcasts on Compliance

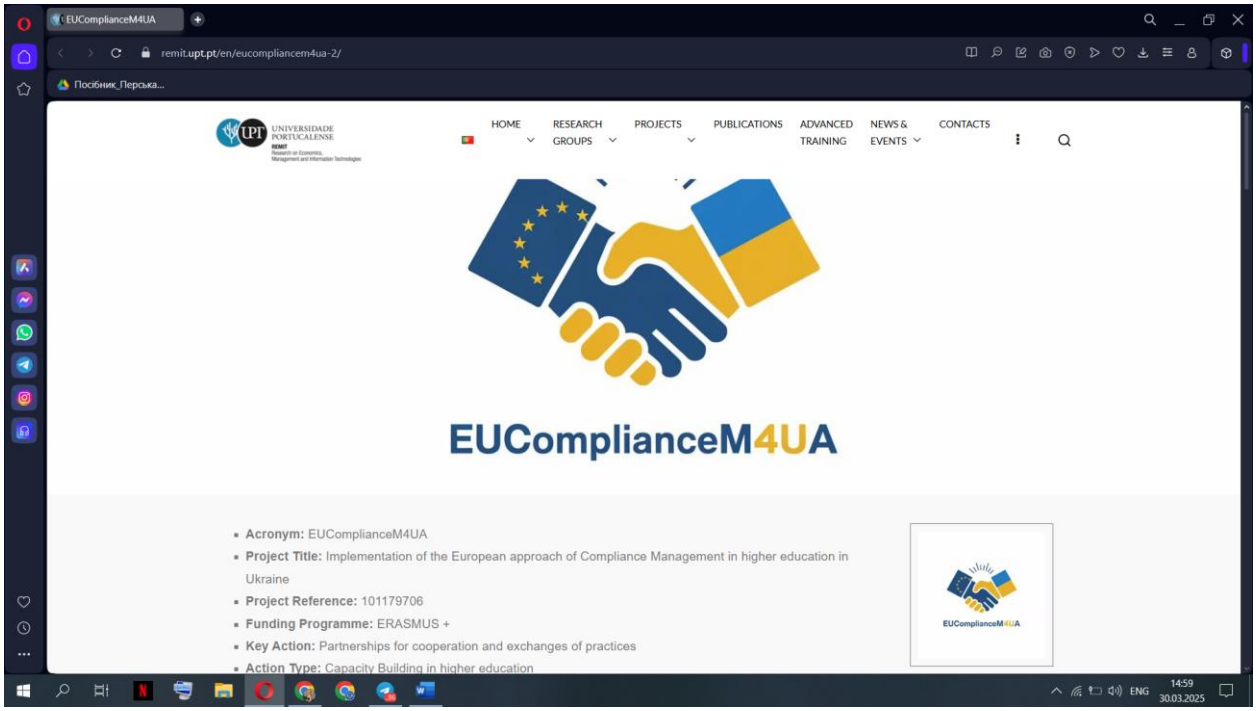
Project web-site: https://EUComplianceM4UA.eu

5.2. THE SCREENS OF THE SUB-SITES

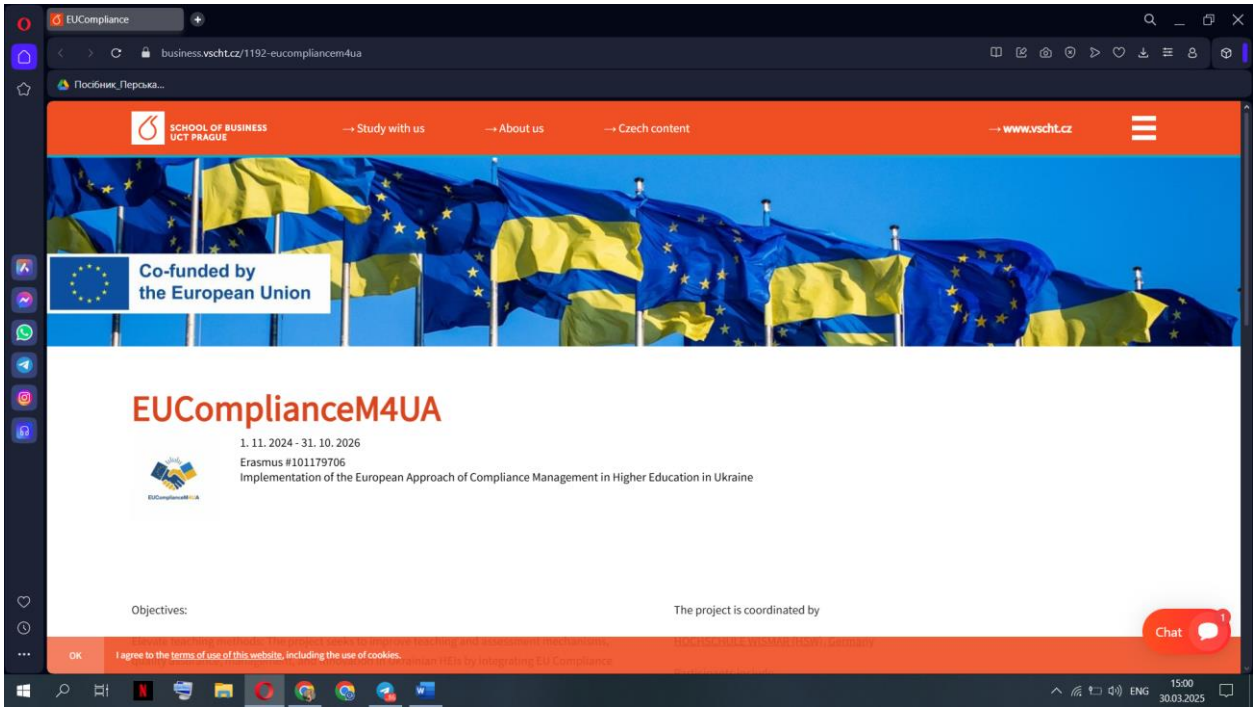
Hochschule Wismar, University of Applied Sciences: Technology, Business and Design (Wismar, Germany)



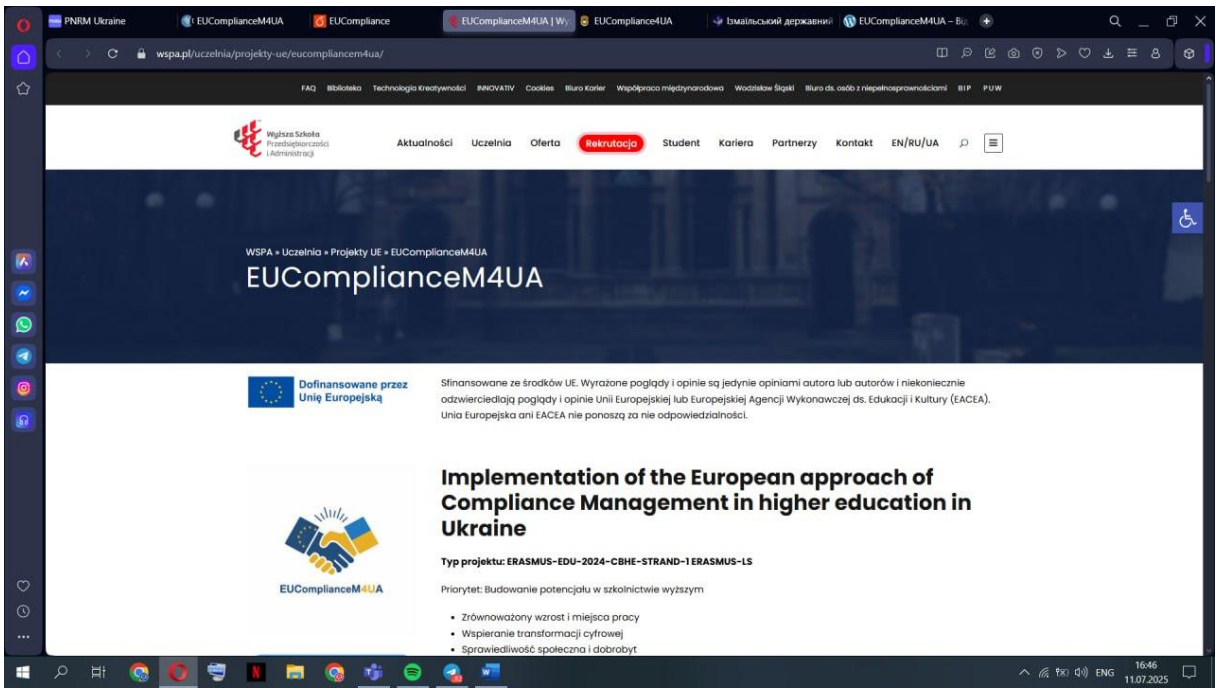
Universidade Portucalenese Infante D Henrique-Cooperativa de Ensino Superior CRL (Porto, Portugal)



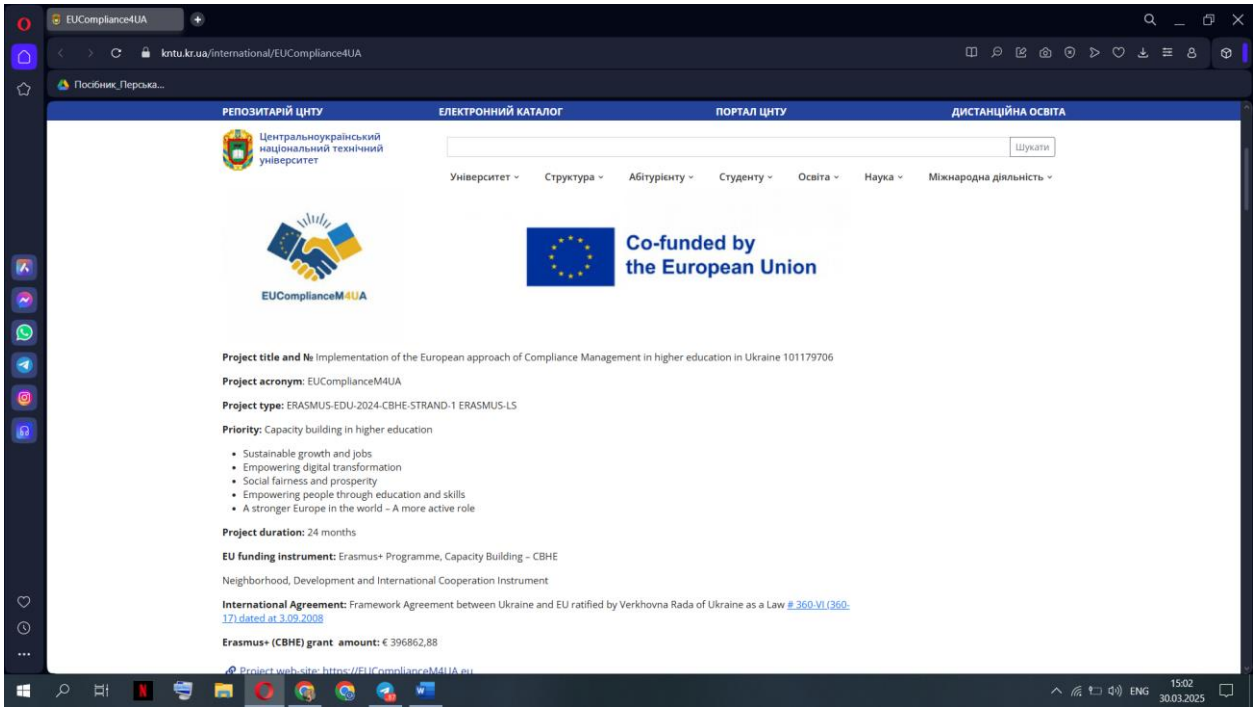
Vysoka Skola Chemicko-Technologicka V Praze (Praha, Czechia)



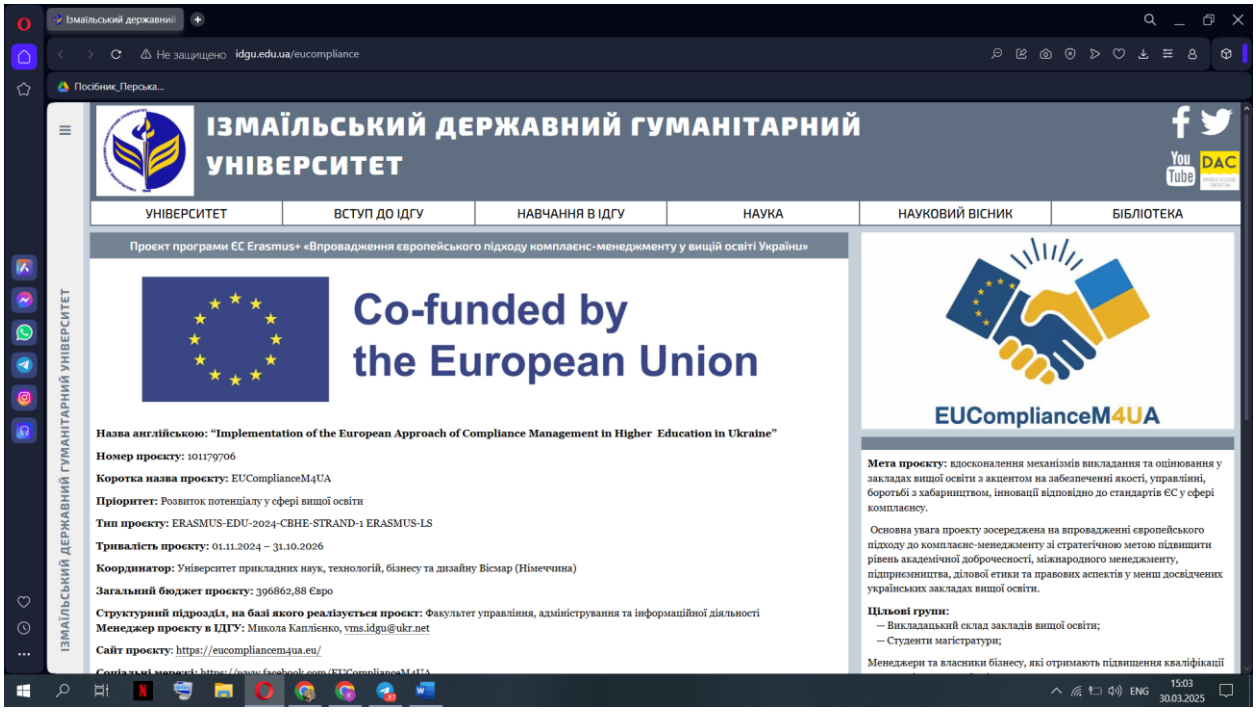
Wyzsa Szkola Przedsiebiorczosc i Administracji W Lublinie (Lublin, Poland)



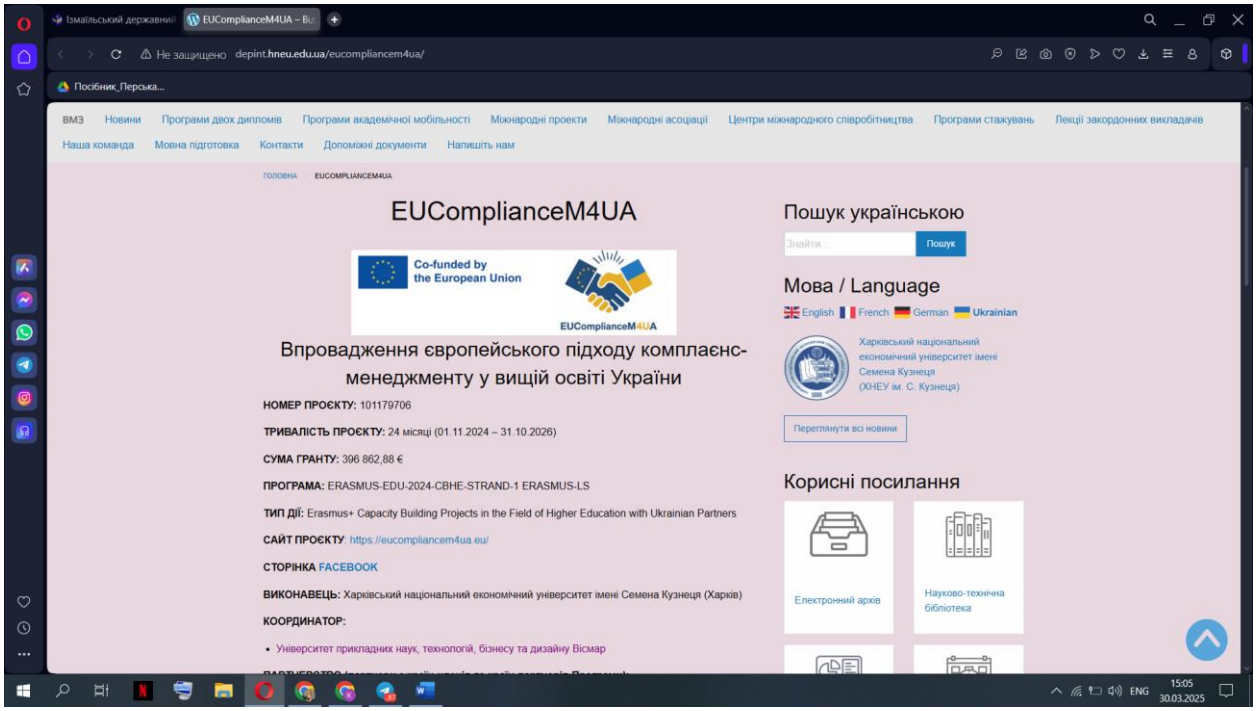
Central Ukrainian National Technical University (Kropyvnitski, Ukraine)



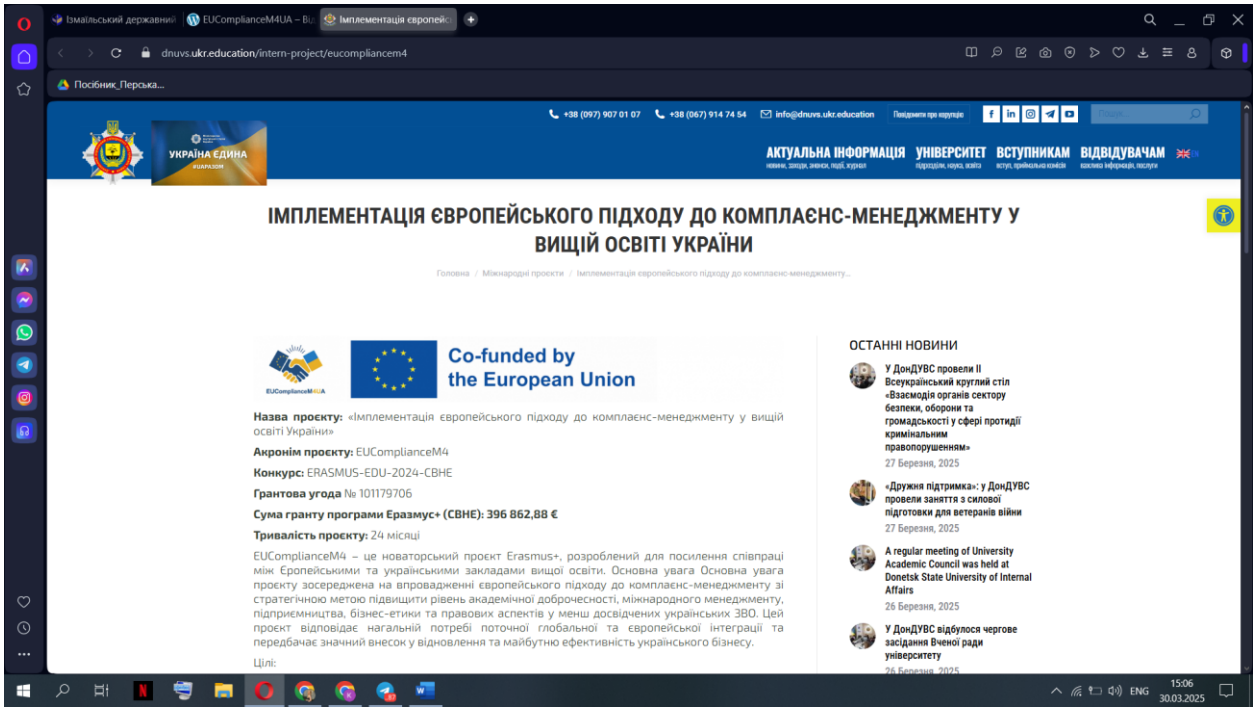
Izmail State University of Humanities (Izmail, Ukraine)



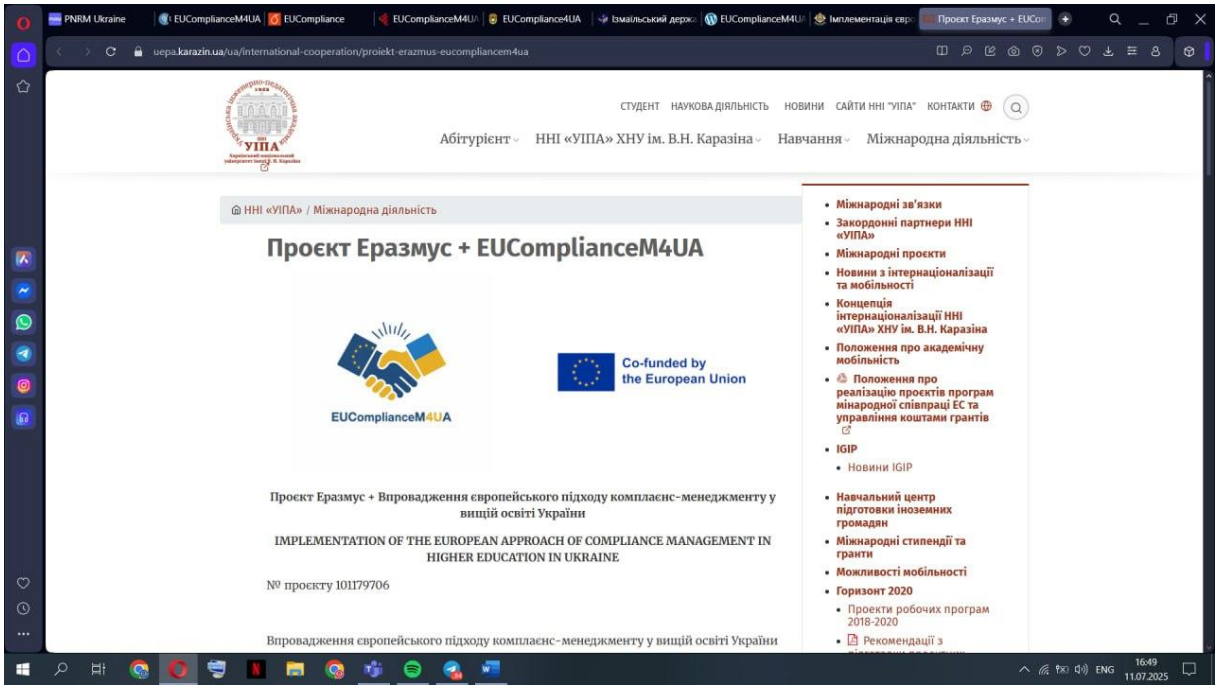
Simon Kuznets Kharkiv National University of Economics (Kharkiv, Ukraine)



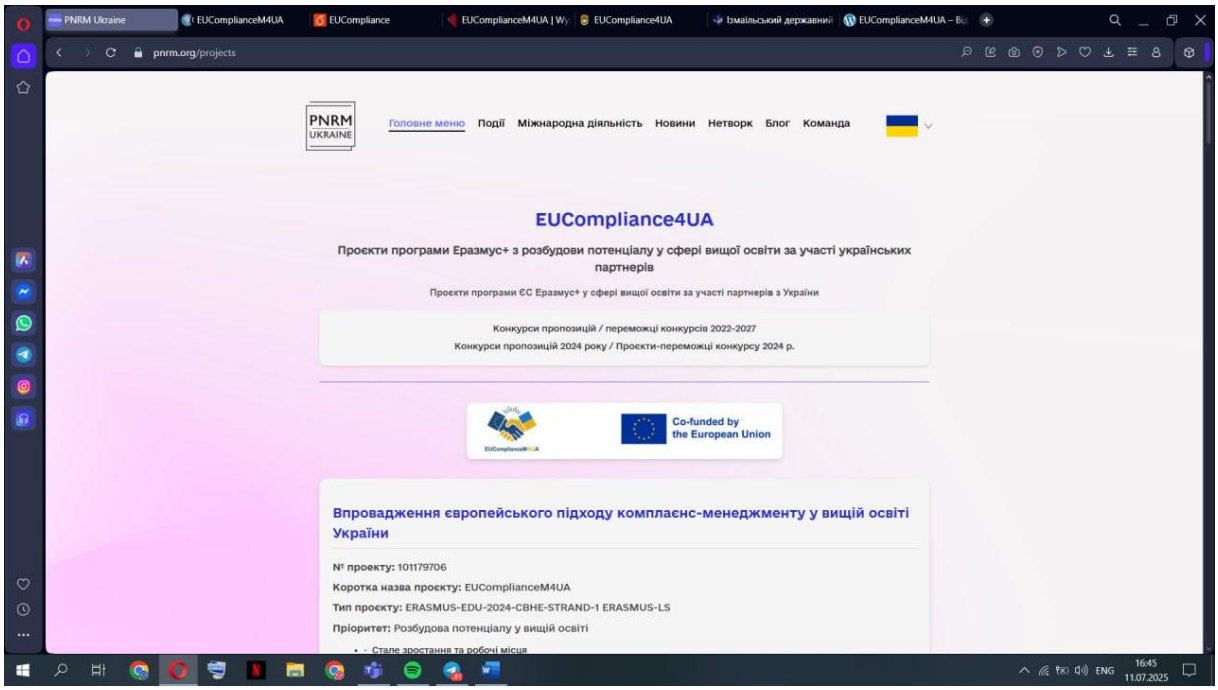
Donetsk State University of Internal Affairs (Kyropyvnitski, Ukraine)



V. N. Karazin Kharkiv National University (Kharkiv, Ukraine)



Professional Network of Research and HE Managers in Ukraine (Ukraine)



6. CONTENT MANAGEMENT AND MAINTENANCE

A structured content management strategy is in place to ensure that the website and subsites remain up to date and relevant. Each HEI appoints designated coordinators responsible for updating project-related content, sharing progress reports, and uploading essential resources. Regular reviews and technical support mechanisms are implemented to maintain website functionality and security.

7. IMPACT ASSESSMENT AND ENGAGEMENT METRICS

To evaluate the effectiveness of the project website and subsites, key performance indicators (KPIs) are monitored, including visitor statistics, content downloads, and stakeholder feedback. Analytical tools track engagement trends, enabling continuous improvements to the platform's content and structure. Regular reports ensure transparency and provide insights into digital outreach efforts.

CONCLUSION

The project website and its subsites serve as essential tools for communication, knowledge dissemination, and stakeholder engagement. By adhering to EU compliance standards and ensuring accessibility, they enhance the visibility and effectiveness of the CBHE initiative. Continuous monitoring and updates guarantee that the platforms remain relevant, user-friendly, and aligned with project goals, fostering long-term impact and institutional collaboration.
